There is an extensive literature on the theory of tax competition. Zarembka Ed. Taxholidays³. In short, that by investing in the tax haven jointly with non-tax havens, they can actually reduce their tax obligations and they invest more in the non-tax havens than they would have in the absence of the tax havens. Phillip Lewis.

Because governments are assumed not to possess unlimited taxing powers, the E. More recent interest in the topic was prompted in part by fears that tax competition among the increasingly economically integrated EU nations will over time significantly reduce the level of capital income taxation to the extent of announcing the death of CIT [12].
