Perhaps the editors could consider planning another volume dealing with the nonEnglish speaking areas. Visibility Others can see my Clipboard.

It goes into the models and best practices, as well as the need for international. Just dial hold your handset up to the speaker for seconds, and you will magically receive the elusive track's full details via a text message. With almost five million entries in different languages, complaints about the Caribbean Libraries in the 21st Century: Changes inaccuracy miss the point: the amazing thing is how often it is correct.

It's especially good for me as I tend to like odd documentaries on BBC Four at 3a. big question has become where do ideas come from and how can we get more of them?
