Spirit Rover: Trapped by the Sands of Mars | Space

One of two rovers launched in to explore Mars and search for signs of past life, Spirit far outlasted her planned day mission. Among her myriad.

Missions | Mars Exploration Rover - Spirit

The primary surface mission for Spirit was planned to last at least 90 sols. The mission received several extensions and lasted.

Missions | Mars Exploration Rover - Spirit

So, I got an excited phone call from my DD this AM. She proceeded to try to explain to me about this "spirit mission" that they carried out this AM.

The MER pancams are black-and-white instruments. Their punishment would likely be court-martial and prison, not hours of marching on the weekends, but it would raise morale. To increase the amount of light hitting the solar panels, the rover was parked. After recently attending the USMA '91 reunion at West Point it was great to read a novel that alternated between a "current" mission and the time frame when the main characters were attending West Point as fictional members of the class of ' I thought taking a Chinook helicopter for an unauthorized rescue mission was implausible even for A Spirit Mission group of former goat rustlers.

Spirit and Opportunity carried a large collection of scientific equipment. spent A Spirit Mission trying to help the robot get to safer ground but made little headway. Spirit arrived at the Red Planet in January tasked with figuring out if life could ever have existed on Mars, learning about the Red Planet's current and past climate, and characterizing Martian geology.
