In addition, the initiative convene educational and training programmes to raise awareness among members of the Karamoja community as to how to promote effective strategies to ensure that the livelihood of all members is protected. Saudi Arabia seeks new political bloc in strategic Red Sea region. The interplay between inter-state and intra-state conflicts and the regional dimension of these inter-related conflicts is interrogated with the aim of searching for regional and holistic solutions. The verdict was to be final and binding. These institutions would derive their legitimacy, and hence formality, from the authority of the sovereign states that constitute. He also tried to underline the importance of such a regional focus, which links both the internal and external determinants, to provide a better understanding of the dynamics of conflict in the Horn of Africa in which the unknown prevails and power is calculated in terms of available weapons. The practicalities of how we operationalise regional reconciliation are challenging but not insurmountable. Economic activities are also hampered by external dependence, inadequate infrastructure, and the role of the Prime Minister of Ethiopia.
